Medical Detox	■
First Responder Treatment Services	■ Accepts patients in all programs.
Short-Term Care Facility (STCF/Involuntary)	■ Access via designated Screening Centers for Hunterdon, Middlesex, and Somerset counties.
Electroconvulsive Therapy (ECT) 609.613.4780	■

OUTPATIENT IOP and PHP: 888.437.1610, option 2 / FAX: 609.683.6840

IOP Intensive Outpatient Programs: 3 hours/day – 3 days/week*

PHP Partial Hospital Programs: 6 hours/day – 5 days/week

All patients are evaluated and followed by a psychiatric provider (psychiatrist or psychiatric advanced practice nurse), and participate in a full schedule of therapy, psycho educational groups, allied clinical therapies, and services specific to their individualized treatment plan, including nursing and nutritional consults as needed. Due to current telehealth regulations, out-of-state residents are only seen in-person.

*Senior Link IOP is four days per week.

Patients and staff are welcome to wear masks as they are comfortable.

TELEHEALTH

Telehealth IOP is three hours a day, three to five days per week for those who live outside the service areas for our sites. Ask your admissions clinician.

TRANSPORTATION

Ask your admission clinician if you qualify for transportation.

PENNSYLVANIA RESIDENTS

Pennsylvania residents are welcome to participate in in-person treatment. Currently, telehealth is available only for New Jersey residents.
